

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

HISTORY OF THE NORMAN CONQUEST.

London

HENRY FROWDE

OXFORD UNIVERSITY PRESS WAREHOUSE

AMEN CORNER

THE HISTORY
OF THE
NORMAN CONQUEST OF ENGLAND,

ITS CAUSES AND ITS RESULTS.

BY

EDWARD A. FREEMAN, M.A., HON. D.C.L. & LL.D

LATE FELLOW OF TRINITY COLLEGE,
HONORARY MEMBER OF THE IMPERIAL UNIVERSITY OF SAINT PETERSBURG,

*Knight Commander of the Greek Order of the Saviour,
of the Montenegrin Order of Danilo, and of the Servian Order of Takova,
Corresponding Member of the Imperial Academy of Sciences of Saint Petersburg,
of the Royal Academy of Lincei of Rome, of the Royal Society of Sciences of Göttingen,
and of the Historical Society of Massachusetts.*

VOLUME VI.

INDEX VOLUME.

Oxford:

AT THE CLARENDON PRESS.

M.DCCC.LXXIX.

[All rights reserved.]

This Index to the History of the Norman Conquest has been adapted to the first edition of all the volumes, and to the third edition of the first and second volume. As the paging of the editions differs considerably, that of the third is marked by the prefix *. In all cases where this does not occur, the same paging serves for both. It was not thought necessary to give references to the second edition, as all the volumes of that edition already have indexes. The extra labour would have been great, not to speak of the confusion which would be caused by three sets of paging.

M. E.

RAGUSA, *April* 5, 1879.

INDEX.

The asterisk refers to the Third Edition of Volumes I and II. Where there is no asterisk the paging in both editions is the same.

A.

- AACHEN**, capital of *Francia*, i. 174 (Ed. 1).
Lothar's raid on, i. 264, *237.
Baldwin reconciled to Henry III. at, *ii. 611.
